## The Basics of Voter Registration

The decision to conduct a voter registration drive is an important one and should be taken seriously. Voter registration is fundamental to the election process. Assisting qualified citizens in becoming voters and involving them in the democratic process is a worthy cause, and you are commended for your efforts. Here are a few important facts of which you should be aware:

All voter registration applications must be received by the 25<sup>th</sup> day before an election. The people you assist in registering to vote may entrust you or your group to deliver their applications. Timely delivery of the completed applications is critical. **State law makes it a crime for failure to deliver voter registration applications by the voter registration deadline.** Individuals who want to take their application form home with them to mail in at a later date may do so.

Federal law prohibits payments for registering to vote, intimidation in registering or voting, coercion of certain political activity that could be associated with voter registration, and voter fraud.

It is critical that all workers involved in your voter registration drive review this guide before conducting the drive. Federal law requires that certain application information must be completed in order for the application to be processed. It is your responsibility to insure that registrants know how to properly fill out the form.

The Craven County Board of Elections strives for 100% registration of all eligible citizens. Your participation in extending the franchise to unregistered individuals and in helping update the voter registration records of existing registrants is sincerely appreciated. If you have any questions or concerns after reviewing this guide, please contact us at 252-636-6610.

Thank you again for your efforts. We wish you a very successful voter registration drive.

Sincerely,

Erin BurrIDGE  
Director of Elections

## Requirements

### **Voter Registration Applications**

Voter registration applications are sealed in packs of 100 and may be obtained free of charge at the Board of Elections office. These forms are coded in order to collect statistical information required by federal law. The coded forms required for voter registration drives are "07."

Requests for voter registration applications in quantities of 500 or more require submission of a request form that outlines the planned use of applications. The request form must also include the requestor's full name, physical address, mailing address (if different from physical address), telephone number and email address. Request forms are available at the Board of Elections office, or you may use the request form included in this guide.

Voter registration applications may be used to:

- Apply to register to voter
- Report a change in party affiliation
- Report a change in address
- Report a name change
- Report a change in other information
- Preregister to vote

Any registration forms completed by new registrants at voter registration drives must contain the voter's North Carolina driver's license number. If a driver's license number cannot be provided the registrant shall provide the last four digits of their social security number. If the registration cannot supply an identification number, they should be referred to the county Board of Elections office.

## **Eligibility For Voter Registration**

### **To be eligible to register to vote, a person must meet the following qualifications:**

- ✓ US Citizen (born or naturalized)
- ✓ Eighteen years of age or older  
**NOTE:** *Individuals who will be 18 years of age by the date of the next general election may register to vote at 17 years of age and vote in the preceding primary.*
- ✓ Resident of North Carolina and Craven County for at least 30 days before the date of the next election
- ✓ Not a convicted felon, or, if a felon, had citizenship rights formally restored upon completion of sentence

### **Registering Spanish Speaking Citizens**

Voter Registration materials are available in both English and Spanish. You can request Spanish registration forms from the county Board of Elections.

### **Pre-Registration for 16 & 17 year olds**

The North Carolina General Assembly recently enacted S.L. 2009-541 which allows for the preregistration of citizens between the ages of 16 and 17 years of age. Effective January 1, 2010, "a person who is at least 16 years of age but will not be 18 years of age by the date of the next election and who is otherwise qualified to register may preregister to vote and shall be automatically registered upon reaching the age of eligibility." G.S. § 163.82.1.

Citizens preregistering to vote should complete the voter registration application as required and these forms should be sent to the county Board of Elections.
