8) What are the campaign reporting requirements? ([NCGS §163-278.9](#))

The Campaign Reporting Act requires financial disclosure of all political activities. Reports are filed with the State Board of Elections campaign reporting office. The time of filing of these reports, and the types of reports will vary by the type of campaign. Every candidate will be responsible for their compliance with campaign reporting laws. A Candidate Campaign Finance Manual is available online on the [State Board of Elections' website](#).

The law requires that the treasurer of every campaign committee receives training in handling campaign finance reports and law. This can be accomplished online or in-person at numerous training sessions offered by the State Board of Elections.

IMPORTANT: An organizational report must be filed with the State Board of Elections within ten days of becoming a candidate. For these purposes, "becoming a candidate" includes taking positive action for the purpose of obtaining nomination or being elected, soliciting or receiving contributions, making expenditures to enhance a campaign, or filing a notice of candidacy, whichever comes first. The report can be found online on the [State Board of Elections' website](#). The State Board of Elections and your local County Board of Elections are also available to help.
