**Old Business**

The Board reviewed for approval the minutes from April 20, 2011. Wood moved to approve and Trice seconded.

**New Business**

Burrridge updated the Board on the status of the Legacy Scan Project. Burrridge informed the Board of the 34, 166 signatures that needed to be attached to voters, 1200 signatures have been attached to the appropriate electronic records.

Burrridge also informed the Board of potentially losing District Elections Technicians (DET) according to a memo from State Board of Elections. Wood indicated that without a DET Craven County will not be affected in its operations, but would be losing a valuable source.

Burrridge presented the Board with legislative updates and briefly discussed the potential impact on the election schedule if legislation were to change.

Burrridge shared with the Board the 2011/2012 conference schedule, alerting Board members that the Asheville conference will be offering courses specifically for Board members.
