

CRAVEN COUNTY, NORTH CAROLINA ROAD NAMING AND ADDRESSING ORDINANCE

CHAPTER 11

Article I - In General

Sections. 11-1 -- 11-15. Reserved

Article II - Road Names

Section 11-16. Title

This ordinance shall be known and may be cited as the Road Naming and Addressing Ordinance of the County of Craven, North Carolina.

Section 11-17. Authority

This ordinance is hereby adopted under the authority and provisions of General Statutes of North Carolina Chapter 153A-239.1.

Section 11-18. Jurisdictional Coverage

All public and private roads in unincorporated portions of the county are included within the jurisdiction of this ordinance. Every addressable structure within the unincorporated portions of the county are also included within the jurisdiction of this ordinance. Those areas which today or in the future may be within the extraterritorial jurisdiction of any municipality, it is necessary that such municipalities maintain these road names as they are approved and filed into public records.

Section 11-19. Purpose and Intent

The purpose and intent of this ordinance are to establish an unique and uniform system of road naming and assigning of addresses for all properties and buildings throughout the county, to insure that road name identification signs are placed at all secondary road intersections, and to outline a procedure for reviewing road names and installing and maintaining road name signs on all

secondary roads. This is necessary in order to facilitate public safety and emergency response service and to minimize difficulty in locating properties and buildings for public service agencies and the public.

Section 11-21. Amendatory Process.

That authority granted to the County Planning Board to recommend names for new roads, as they are platted, is hereby reconfirmed. Further requests or petitions for changing road names are to be filed with the program administrator, who will then transmit such requests to the County Planning Board. The board will prepare a recommendation to the County Board of Commissioners for each such request within ninety (90) days of its filing. Any name change on any road in this chapter shall then be by ordinance of the County Commissioners. (Ord. of 9-7-82, Art. I, & 1.4; Ord. No. 2, Art. I, & 1.4, 9-20-82). The Board of County Commissioners will periodically entertain road naming requests of any nature not to exceed once per quarter.

Section 11-22. Road Names

The names of roads listed on the attached sheet that are located within the unincorporated areas of Craven County, whether public or private, shall not be changed by any methods except those set forth in this ordinance. A copy of this ordinance and a list of road names shall be forwarded to the Department of Transportation pursuant to G.S. 153A-239.1.

Section 11-23. New Road Names

(1) No new public or private roads shall be named without review and recommendation of the Program Administrator, the Craven County Planning Board and approval of the Craven County Board of Commissioners.

(2) The name of any new road, whether it is public or private, shall not duplicate or be phonetically similar to any other road name already named by this Ordinance, any subsequent ordinances, amendments thereto or within a municipality located in Craven County, irrespective of the use of a suffix such as street, drive, place, court, etc. This subsection shall not apply to the extension of existing roads, which should whenever possible be given the same name.

(3) New subdivision roads, whether public or private, shall be named when created through the subdivision process in accordance with those procedures outlined in the Craven County Subdivision Ordinance (Article IV Sect. 403, 405.9a, 405.9b).

(4) Private roads, which require naming to facilitate postal delivery and emergency response, shall be recognized by the county at the request of the citizens owning property adjacent to the road. Such a road must serve at least four (4) households. Those people who live on roads that do not serve at least four (4) households will be addressed off the public road from which it intersects. The

name of the private road shall be commonly known to the community. Craven County will adopt the name preferred by at least 75% of the property owners on the road.

Section 11-24. Renaming Roads

Property owners who want to have the name of a public or private road changed for personal reasons must submit a petition to the Program Administrator for verification. This section does not apply to any road name request requested by Craven County suggested to provide better emergency service to property owners and residents along public or private roads. The Program Administrator will make recommendations to the Craven County Board of Commissioners after the following criteria have been met.

(1) A \$25.00 fee for each road shall accompany any petition requesting that an existing road name be changed.

(2) The petition should include the existing road name, the proposed road name, the reasons why the person(s) request the change, and the signatures of 75% of those persons owning property adjacent to the road.

(3) The Program Administrator shall request a public hearing date be set by the Craven County Board of Commissioners and cause the same to be advertised pursuant to G.S. 153A-239.1.

(4) In the event Program Administrator and Board of Commissioners approve the request, the petitioners shall be required to pay Craven County for the cost of purchasing new signs and erecting them.

(5) In renaming roads, no requests will be considered that is a duplicate or phonetically similar to any existing road name already established by this Ordinance, any subsequent ordinances, amendments thereto or within a municipality located in Craven County, irrespective of the use of a suffix such as street, drive, place, court, etc.

Section 11-25 Limitations

In naming or renaming a public road, the county may not:

(1) Change the name, if any, given to a road by the Board of Transportation, unless the Board of Transportation agrees;

(2) Change the number assigned to a road by the Board of Transportation, but may give the road a name in addition to its number; and

(5) Craven County will not be held responsible or liable from owners or occupants for personal injury or damage to buildings or dwellings constructed which do not comply with this ordinance.

(6) The provisions of this ordinance may from time to time be amended, supplemented, changed, modified or repealed by the Board of Commissioners.

(7) Should any section or provision of this ordinance be declared by the courts to be invalid for any reason, such declaration shall not affect the ordinance as a whole, or any part thereof other than the part so declared to be invalid.

(8) The Craven County Board of Commissioners, upon review and recommendation of the Address Program Administrator, may authorize a variance from these regulations when in its opinion, the interests of the general public would best be served by such variance.
