**Craven County Confirmed COVID-19 Cases
 Current as of 12/31/20, 1:00 pm**

Craven County has 5,040 confirmed COVID-19 cases as of 1:00 p.m. on December 31, 2020. Out of the 5,040 confirmed positive cases, 3,994 of those individuals have recovered or are presumed recovered based on guidelines set by the North Carolina Department of Health and Human Services. Of the 5,040 cases, 38 have been related to out of state travel, 1,014 are from community transmission, 2,626 are a direct contact with a previously confirmed positive, 648 are still being investigated, and 714 are unknown. There have been 83 deaths related to COVID-19. Twenty-six of the active COVID-19 cases are currently hospitalized.

As of January 1, 2021, the Craven County Health Department will no longer publish daily reports on COVID-19 cases in Craven County. Each Friday, Craven County COVID-19 hospitalization data will be released along with a link to the North Carolina Department of Health and Human Services (NCDHHS) COVID-19 Dashboard. The NCDHHS COVID-19 Dashboard provides extensive statewide and county level data on COVID-19 cases and testing. County level COVID-19 demographic data is also available on the NCDHHS COVID-19 Dashboard. Demographic information is available for COVID-19 cases and deaths.

Total Confirmed Cases Craven County	Active Cases Craven County	Recovered Craven County	Deaths Craven County	Currently Hospitalized Craven County *of active cases
5,040	963	3,994	83	26

The Craven County Health Department works with state, commercial, and private labs to track the number of confirmed positive COVID-19 cases in Craven County. Health care providers determine which lab they send their COVID-19 tests to.

Craven County will continue to track the number of laboratory-confirmed COVID-19 cases; however, it is important to recognize there are many people with COVID-19 who will not be included in the laboratory-confirmed cases, including:

- People who had minimal or no symptoms and were not tested.
- People who had symptoms but did not seek medical care.
- People who sought medical care but were not tested.
- People with COVID-19 in whom the virus was not detected by testing.

Craven County COVID-19 Cases by Mode of Transmission, Age, Gender, Race, and Ethnicity

Note: As you review the data, please be aware this data is preliminary and may change as cases are investigated. Percentages may not sum to 100% due to rounding. Also, the data is representative of the confirmed cases, not of all COVID-19 cases in Craven County.

Craven County Electronic Lab Reporting: Percent Positive

This shows the percent of positive tests as a proportion of total ELR tests. We know that as testing increases, the number of cases can climb. This gives us an idea of the number of cases with respect to the amount of testing being done. These are only calculated using results from labs that report electronically, listed below. Thus, this may not be representative of tests in Craven County that are being done by labs not reporting electronically.

NOTES:
 1) The total number of tests represents only positive, negative, and indeterminate COVID-19 test results coming from labs using electronic lab reporting (ELR) to report to NC DPH. New labs are continuously being on boarded for ELR. Labs reporting electronically currently include: NC State Lab of Public Health, LabCorp, Carolinas Medical System (Atrium Health), Duke, UNC, Vidant, Novant, Mission Hospital, Quest Atlanta, Quest New England, Quest Tampa, Quest West Hills, and Mako.
 2) The week represents the week of specimen collection.
 3) Dates in the figure above represent the ending date of each week.
 4) All data is preliminary and subject to change.

Craven County COVID-19 Hospitalizations

Craven County COVID-19 Cases by Month

*Charts contain data collected up to December 30, 2020.

Note: As you review the data, please be aware this data is preliminary and may change as cases are investigated. Percentages may not sum to 100% due to rounding. Also, the data is representative of the confirmed cases, not of all COVID-19 cases in Craven County.
