Craven County Orange Trash Sticker Exchange Deadline is December 29

Craven County, N.C. – The deadline to exchange \$2.25 Craven County orange trash stickers for the \$3.00 red colored stickers is December 29, 2017 at 5:00 p.m. Individuals with a supply of the orange \$2.25 stickers may exchange them by paying the value difference at Craven County Solid Waste on the second floor of the Craven County Administration Building located at 406 Craven Street in New Bern. Trash stickers cannot be exchanged at retail outlets. After December 29, Craven County will no longer exchange the orange stickers and no refunds will be provided.

Trash sticker prices in Craven County increased from \$2.25 per sticker to \$3.00 per sticker on July 1, 2017. This was the first trash sticker price increase for Craven County since 2006. The price increase was approved by the Craven County Board of Commissioners with the adoption of their Fiscal Year 2017 – 2018 budget to cover the increased costs incurred by the contract trash hauler fees.

Craven County offers a volume-based pay as you throw solid waste management program so citizens only pay for the volume of trash they throw out. Trash sticker guidelines require one sticker for each trash bag/container up to 33 gallons and not more than 50 pounds, two stickers for each trash bag/container between 34 to 64 gallons and not more than 100 pounds, and three stickers for trash bags/containers between 65 to 90 gallons and not more than 150 pounds. Craven County's pay as you throw solid waste management program covers all unincorporated areas of Craven County plus Trent Woods, River Bend, and Cove City. New Bern, Havelock, Bridgeton and Dover provide their own separate solid waste management programs and will not be affected by Craven County's trash sticker price increase.

To reduce trash volume and associated costs, Craven County offers countywide curbside recycling pickup in all areas of Craven County with the exception of the Town of Bridgeton, which provides its own recycling program. Craven County's recycling program accepts aluminum cans, newspapers with inserts, clear/green/brown glass, #1 PETE clear plastic, #2 HDPE natural plastic, rigid plastic bottles with the neck smaller than the body of the container (except motor oil and pesticide containers), corrugated cardboard cut down to no larger than 2' x 3' and steel/tin cans.

Recyclables are collected curbside from 18 gallon green recycling bins or other comparable containers easily identifiable as containing recycling materials. Recycling bins can be requested by

calling Craven County Solid Waste at (252) 636-6659. Residents can also bring mixed recyclables to the Convenience Sites.

Craven County offers a host of trash and recycling programs including electronics recycling, paint exchange and scrap metal recycling. For additional information on Craven County's trash and recycling services please contact Craven County Solid Waste and Recycling at (252) 636-6659 or visit www.cravencountync.gov.
